WHEELING CITY LEGISLATURE'S WARM SESSION.

The First Branch Non-Concurs in the Dewey Wedding Present Resolution Owing to

DOUBT AS TO ITS LEGALITY.

Some Excitement was Created in the Second Branch when Mr. Chew Called Members

ADHERENTS OF AGUINALDO.

However, Mr. Waterhouse Says He Will Lead a Movement to Make Up the Fund Outside.

The most exciting and by far the most interesting meeting of the city legislature held during several months past occurred last night. The excitement came in connection with the resolution to appropriate \$200 from the contingent fund for the purpose of purchasing a wedding present for Admiral and Mrs. Dewey, to be taken on to Washington by the Fort Henry tablet committee when it visits the admiral for the purpose of adding its personal invitation to be present at the approaching setting of the Fort Henry tablet and the presentation of a sword to Ensign Dorrance.

The resolution was introduced in the second branch by Mr. Ross T. Chew, and although nothing of the kind was intended there was soon a political line-up on the question, all the Republican members supporting the resolution, while every Democrat except Mr. Weisgerber lined up on the opposing side. After some "fiddling" during which Mr. Chew called the Democrats "Aguinaldo adherents," the resolution was passed, but in the first branch it was non-concurred in on motion of Mr. Waterhouse, seconded by Mr. McKelvey. Mr. Waterhouse took occasion to endorse the proposition, but believed that the appropriation of money by council would not be legal. He offered to go out in the business district and raise the money by subscription. This method will now, of course, be followed, for it would be the worst of fiascos to allow the matter to rest as council has disposed of it. The resolution was introduced by Mr. Chew at the suggestion of members of the Fort Henry tablet committee, who felt that it would be a most graceful act for the entire city of Wheeling to figure as the donor, and not a few individuals.

The Roll Call.

On the roll call there were nineteen present in the second branch, and ten in the first branch; little over a quorum in both branches. Mayor Sweeney presided in the first branch, and President Maxwell in the second branch. Minutes were read and adopted.

City Clerk's Report.

The report of City Clerk O'Brien was received, as follows:

Riverside Park.

Mr. Charles E. VanKeuren appeared before the first branch and solicited permission to erect the Schuylbach rivermen's monument and drinking fountain at the Riverside Park. Permission was granted, and on motion of Mr. Waterhouse the committee on ordinances was directed to prepare an ordinance of regulations for city parks. Details regarding the Schuylbach rivermen's monument will be found in another column.

Revised Weighing Scale.

The revised list of prices for weighing on city scales was presented by the committee on scales, but President Maxwell ruled that the ordinance could not be amended by a resolution. On motion of Mr. Weisgerber the report was turned over to the committee on ordinances to report an ordinance covering the matter.

The Signs Ordinance.

The ordinance amending rule 53 of the board of public works, relative to street signs used by business houses, was brought up on its second reading, having been objected to at the last meeting of council. In the second branch, all signs now in place can be kept as they are without regard to the new ordinance. Mr. Miller moved the adoption of the ordinance, and the motion prevailed.

That Slaughter House.

Mr. Ross T. Chew withdrew his objection to a resolution to do away with

the Neibergall slaughter house in the Eighth ward, and it was taken from the table. On motion of Mr. Miller the matter was referred to the committee on health.

Ended in Defeat.

The following resolution was introduced by Mr. Ross T. Chew:

WHEREAS, An effort to secure the presence of Admiral Dewey in Wheeling at the time of the laying of the Fort Henry tablet and sword presentation to Ensign Dorrance, is being made, and
WHEREAS, All the people of Wheeling and thousands from the surrounding country are interested in the matter, therefore be it
Resolved, That the council of the city of Wheeling appropriate the sum of \$200 out of its contingent fund, to be turned over to the Fort Henry tablet committee, and to be expended by them in purchasing the City of Wheeling's wedding gift to Admiral and Mrs. Dewey, same to be an article or articles manufactured in the city of Wheeling, either Wheeling pottery or Wheeling glassware.

Mr. Killen moved to lay on the table. The vote was close. A division was called for. Before this took place, there was a call for another reading of the resolution for information of councilmen. The motion was defeated by the following vote:

Aye—Caldwell, Fitzsimmons, Killen, Kurtz, Long, Watson, Ziegler; total, 6.
No—Beckett, Bradbury, Chew, Fair, Fox, Kalbitzer, Marschner, Maurer, Miller, Ratcliffe, Scheehle, Weisgerber; total, 12.

Not voting—President Maxwell.

Mr. Weisgerber moved the adoption of the resolution, and Mr. Marschner seconded.

Mr. R. T. Chew was surprised to see Aguinaldo followers in the council of the city of Wheeling. (Sensation.) If Dewey could be brought here it would mean thousands of dollars brought to the city of Wheeling.

Mr. Miller spoke in support of the resolution. It would be the "biggest" day in the history of the city of Wheeling.

Mr. Fox's amendment to appropriate the amount to the Dorrance sword fund was defeated.

The resolution was then put to a vote and carried, as follows:
Aye—Beckett, Bradbury, Chew, Fair, Fox, Kalbitzer, Marschner, Maurer, Miller, Ratcliffe, Scheehle, Weisgerber, Maxwell; total, 13.

No—Caldwell, Fitzsimmons, Killen, Kurtz, Long, Watson, Ziegler; total, 6.
The first branch non-concurred. Mr. Waterhouse said he would go out and secure the \$200 in the business district, but he believed the city of Wheeling had no right to make such an appropriation. His motion to non-concur was seconded by Mr. McKelvey and carried.

In the second branch, Mr. Miller moved for a committee on conference, and Mr. Weisgerber seconded. The motion was defeated on a close vote. Mr. Chew's call for a division came half a second too late. With a division the motion would have prevailed 12 to 7.

The Smoke Nuisance.

Mr. Fitzsimmons' resolution for an alleviation of the smoke nuisance in the city, was referred to the committee on ordinances.

Three Dollars a Day.

Mr. Scheehle's resolution that the city pay \$3 a day for horse and cart, was introduced. Mr. Beckett said feed, carriages, etc., cost more now, and the increase in price is justified. The resolution was adopted.

A Little Side Play.

Mr. Chew introduced a resolution that \$10 be appropriated for the purpose of printing in the three daily papers the vote in detail on the Dewey wedding present matter. Mr. Killen moved to lay on the table. A division was called for, and the motion was defeated. The vote on the resolution was then taken and resulted in its defeat on a close margin. Those who had opposed the Dewey appropriation were very much worked up over the effort to "show them up."

Another Non-Concurrence.

Mr. Fox's resolution that \$50 be appropriated to the Dorrance sword fund, was presented. The motion to lay on the table was defeated.

Mr. Chew took occasion to say that that this town is very slow in showing recognition of heroes of the late war. The Fox motion was passed in the second branch 1 to 0, but again the first branch non-concurred.

A New Foot Bridge.

L. B. Wheat petitioned for permission to erect a foot bridge across Caldwell's run. Granted.

At 9:30 p. m. council adjourned.

NO CHANGE OF TRACKS.

Apparently, Will be Made by the Benwood Southern.

The change in its tracks in Benwood desired by the Moundsville, Benwood & Wheeling railway, struck a decisive snag at last night's meeting of the Benwood city fathers, when the ordinance providing for the transfer was submitted. The only absentee was Councilman Hepe, who, at the last meeting, voted in line with the company's proposition. Its defeat last night was accomplished on motion of Councilman Seabright.

The company wanted to abandon the dangerous crossing at the Wheeling steel works, by running its tracks northward from this point along the hillside, thus removing them from their present position on Main street, in the business heart of the town. The change was stoutly opposed by merchants and property holders.

Another ordinance defeated was that submitted by the Benwood Electric Light Company, which provided for an increase in the price of lights.

Tea Poisoning.

Victims of tea poisoning are becoming alarmingly prevalent. Women demand the life and variety of health, and instead of doing it naturally by building up their systems they resort to tea. They should take Hostetter's Stomach Bitters instead. By strengthening the digestive organs this brings beauty and good spirits. It tones up the nerves, drives away the blues, regulates the bowels and cures all forms of dyspepsia. All druggists sell it.
